REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose an ambulatory device having a support frame, a body halter having straps connected by connectors to a swivel bar, the swivel bar connected to a support bar that is a straight piece, the support bar connected via control connectors through a pulley system to a winch on a vertical section of the support frame.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

A decision on the petition filed March 11, 2005 will be forthcoming from the Examiner's Supervisor, Lesley Morris. However, it is noted that now that prosecution is closed and the claims allowed, that petition is moot.
